For

Catholic Party For America®

Written By Catholic Party For America®

Preface

This Political Party Is To Re-Birth This Nation and Republic.

We have a very important vocation and to restore this vocation of Christian Politics.

Let us begin to set the regulations for this party. These rules may seem strict, but they are to protect us from corruption and keep us focused on Christ.

"An aristocracy of wealth, without any check but a democracy of licentiousness, is our curse... The eternal intrigues of our monied...aristocracy are and will be our ruin. I will be neither aristocrat nor democrat without a mediator between the two."
John Adams (April 18, 1808)

The Regulations

Currently, there is just a contact form to join the National Party and Organization, once we have a budget and a way to collect funds, then to become a member will be a small fee; mostly for the membership card.

This way we can be official and check and balances on those we must watch or those ejected for security of the party.

The card will have your name: First and Last, date of joining, your state, photo, and ID number. When conventions are held, this is what you show to enter.

How To Keep Track Of Members

The officers in charge of membership will also know who is on a watch list or is ejected and red flagged by a special color next to their names.

Any Fee On Using Trademark?

Not at the moment. Once the State Chapter Parties Start Their Treasuries and has funds; then a small fee will be charged to each State to use the Trademark Name Of The Party.

What Will The Fees Be Used For?

The fees collected by the National Party will be on advertising, rent and other expenses of using special halls for conventions.

To Keep Corruption Out

“Make Your Yes Mean Yes, and Your No mean No.” Our Lord Jesus Christ.

There will be many temptations, especially from lobbyists and other organizations who will try to buy us off and our No must mean No and have nothing to do with them.

All lobbyists are anti-American and they have ruined our nation by controlling everyone in government.

There will be those in the GOP will try to infiltrate us, be on guard, because we must never let the enemies of America into this party.

Christ Focused Policies

Our Policies of the Party as a whole and in all States and areas under the control of the United States is to have Christ The King crowned and made supreme ruler of America.

Then Our Policies Must Be About Restoring The Christian Heritage Of America and defending the Christian Liberties Of The American People.

We Defend and Promote The Constitutional Rights Of The Unborn and To defend all human life from natural conception to natural death and we protect the elderly, infirm, those with special needs from assisted suicide and go after those who promote this or do this for murder.

We must promote the Traditional Family and Traditional Marriage Of 1 Biological Man and 1 Biological Woman.

We will fix the homeless situation; most of all the homeless veteran's situation; help them get back on their feet, get them a job, place to live, food, clothing and proper care.

We must restore all the old laws to remove all filth from the TV, movies and music, also, the no drinking on Sunday until all religious duties are finished and no being sworn in on Sundays.

Also, restore the shops to be closed on Sundays and Holy Days.

All these policies, plus those particular to your states must be promoted by everyone; if you try to be like the current focus in congress only about yourself and not to help your state or national party; you will be removed.

The same for when we have candidates, if they do their own thing and not wanting to do what is best for their states, you will be removed from the party and any funds used will have to be paid back.

Christ Focused Regulations For The Party

When we meet for meetings and when holding conventions, we start with prayer to Christ The King.

State Leaders and the entire National Organization will work to protect State Sovereignty.

When we debate or have strong arguments; cursing is a no no and do not take Our Lord's Name In Vain; if cursing or taking Our Lord's Name In Vain Happens, a small fine will be issued and depending if it happens in the State Party, fine goes to the State Treasury or if it happens at a National Party, goes to the National Treasury.

Modesty Of Dress and No Impure Music At Meetings Or Conventions.

We are to be the first 100% volunteer political party; we do this work for the love of Jesus Christ and love for America, and we will not be like the GOP or Democrat Party where their party members get rich.

The Money raised for the National Party will be for that, money raised for the State Parties; for the states.

The Candidates; once they win, then however a congressman, mayor, etc. gets paid, that will be their salary.

Committees

Education

Those in charge of restoring the education; which also goes with proper religious education; it will be your important duty to help restore America through this. Work with your group; which should be both lay and religious.

Only Clergy or Religious Members To Work With, Are Members Of The Party.

Economics

Those in charge of economics, of course pay close attention to the original sources, there was talk to restore the Traditional Monetary System Of America; The Coins our nation used in the Colonial and 1800s time period if the dollar would fail.

Plus look at the Colonial era of bartering as another means of paying a bill or debt.

Those on the National Committee would be on paying off the debt and Federal Taxes.

Then those on your respective state committees will focus on your State Economic Issues.

Draining Big Pharma

Those in the committee group on getting rid of Big Pharma and permanently lowering the cost of medicines, operations, and instruments to use; casts, walkers, etc.

Must work on the main big part; getting rid of Big Pharma and return to when medicine and procedures were a better quality and super low price.

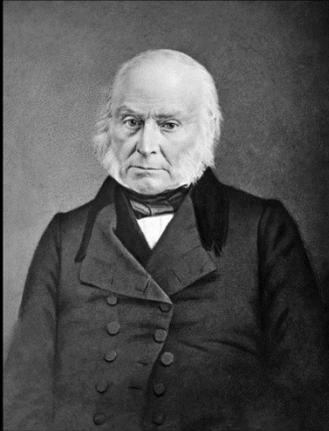

Reversing The Industrial Revolution

I want another committee to look at what we lost in the Industrial Revolution and see what can be done to reverse it; to restore America and restore those jobs lost to the Industrial Revolution.

In short, there will be a lot of committees to study education, economy, everything and these study groups should be open to the citizens to hear and ask questions; and through this, we begin to restore America.

Then these studies will be brought to the local, state and Federal levels to be made into regulations and restore the Christian Laws and Remove what is currently ruining America.

Those who decide to not go with the committees charged to study the platforms and help it become a reality and push for the same old status quo will be asked three times to correct their errors; as Saint Peter was asked Thrice by Our Lord; and return to our platforms; if they do not, they will be removed from the party and added to the watch list by those in-charge of membership.

John Quincy Adams
Sixth President Of The
United States

October 12th 1787

"The day pass'd as usual, except, that I had some political chat with Mr. Parsons. he favours very much the federal constitution, which has lately been proposed by the Convention Of The States. Nor do I Wonder at all that he should approve of it, as it is calculated to increase the influence, power and wealth of those who have any already. If the Constitution be adopted it will be a grand point gained in favour of the aristocratic party: there are to be no titles of nobility; but there will be great distinctions; and those distinctions will soon be hereditary, and we shall consequently have nobles, but no titles. For my own part I am willing to take my chance under any government whatever, but it is hard to give up a System which I have always been taught to cherish, and to confess, that a free government is inconsistent with human nature."

Restoration Of The Christian Government

The True and Proper Christian Government Of The United States Of America are the Articles Of Confederation Of 1777.

As you have watched by now or should have watched our program on restoring this proper government and on how the Constitution that we currently have was passed fraudulently; where only a handful of States accepted it and the Articles Of Confederation says to remove it, all States Must Accept It.

Those Original 13 States Are Still Under The Articles Of Confederation and shall be easier to restore, now we have 37 other states that must accept the Articles Of Confederation in a Convention Of The States; to formally re-admit the True Christian Government Of These United States Of America.

That is why we are pushing so hard for all members in every State to recruit like crazy; because we must do as the Articles Of Confederation says to do, a 100% Majority Of All The States and when all the other States are under the Articles Of Confederation; the entire Swamp is drained and is no more.

The Federalists or The Constitutionals will come out and call us “Anti-Federalists” as they called President John Quincy Adams that as a 21-year-old man still in college. We should embrace it and promote our proper government and shy away from it.

Again, we must be strict and defend our government and if anyone tries to do what the Masons did to steal the government; you will be removed from the party and red flagged and watched.

I will not let this Republic fall again and neither should you.

This Ends The Regulations, they will be updated and modified to be more official later on.

In Fine

We need to have a monthly report by video if we can; we have four or maybe five time zones in the Party for our members.

It would be great to see the new members you have recruited. Then with the crazy restrictions in place, we should do political events as a group.

With the different time zones and your schedules, be open and talk in our email chats on when everyone is free.
