Catholic Party For America ®

Commander and Chief George Washington

Preface

Welcome To Catholic Party For America!

This Political Party Is Something Never Before Seen & Will
Be Totally Different Than All The Modern Parties

I

We are Catholic and hold firm to the Faith, but, also as the Word “Catholic” means in Greek, “Universal”, we welcome Protestants; it was Protestants and Catholics who began our work in 1874 at the Constitutional Convention to restore a Christian Constitution.

Now, Jewish, Muslims, People Of Good Will can join, but they must understand that this Party is Christian at it’s core and must accept it.

We do not accept Zionists, Marxists, Socialists, Free Masons or any other dangerous ideology.

These ideologies are not American, does not support the True Spirit and Vision Of America or The Christian Founding Fathers who founded this nation.

If any member tries to bring these anti-American ideologies into this party or try to steal this party, will be ejected from the party, red flagged and watched to make sure you never try to rejoin.

II

All these current political parties have aligned themselves to these ideologies and have ruined America and has America where it is today.

We will be totally different and are totally different; because we will be following the writings of the Founding Fathers to restore America how she was supposed to be, a Union or Confederation Of States and form a True Christian Republic.

We will work to end all these modern regulations that has hurt the people and the American Work Force.

All our policies will be Christian and restore our laws that defended Christianity and restore a Christian Society.

We are not pro-life in the current idea; because those who are, are also against the death penalty; we are anti-abortion, anti-contraception and pro death penalty.

We will defend the Human Person at the First Moments Of conception to natural death. We will defend the Constitutional Rights Of The Unborn Children.

Also, we will work to outlaw abortion, contraception and anything that attacks or destroys the nucleus of the traditional family.

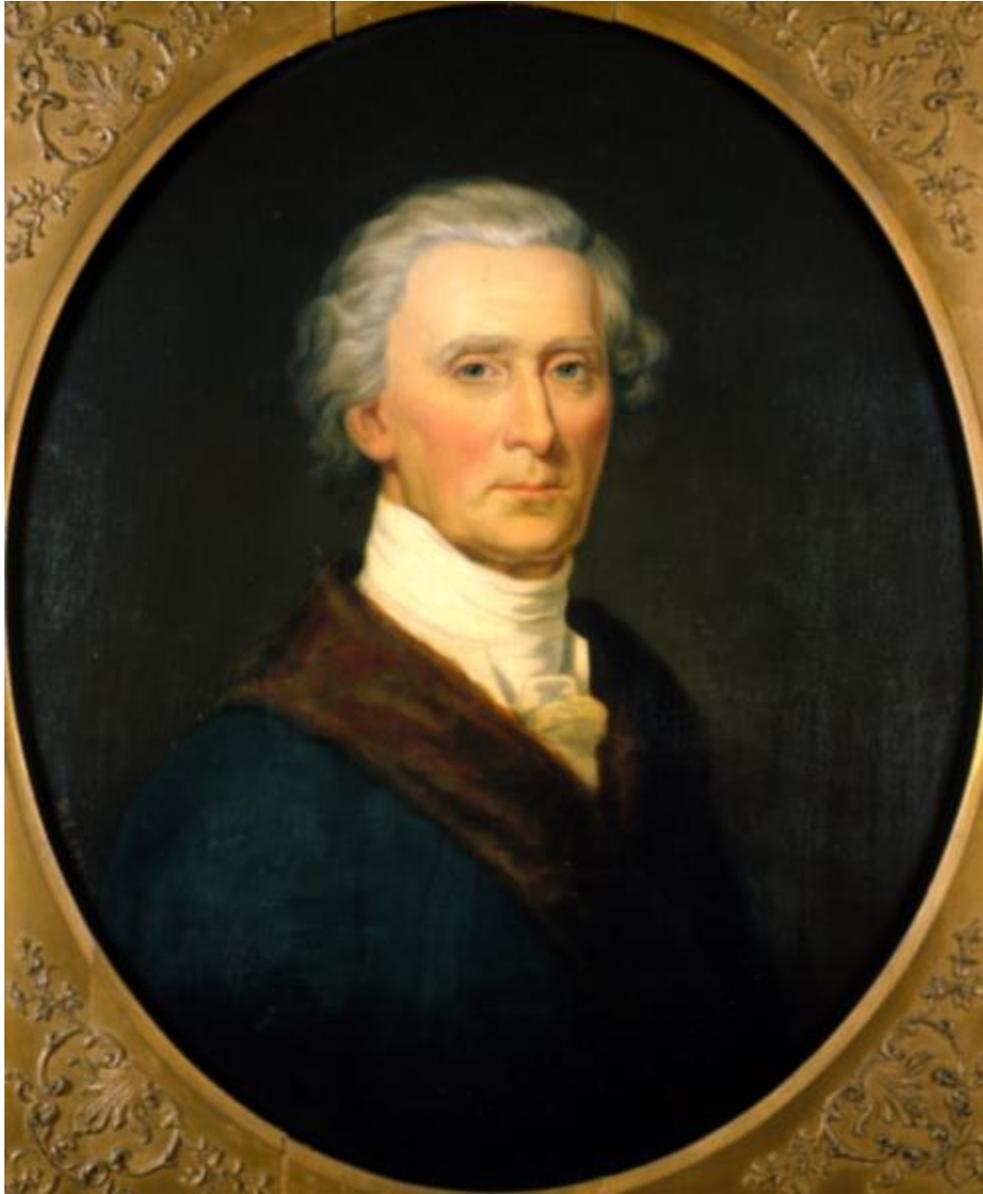

We will promote and defend the Traditional Family of One Biological

Female and One Biological Male and will promote adoption to the Traditional Families.

By restoring the original laws of the original 13 colonies; plus, from when Europe was Christendom, we will work to pass True and Christian Constitutional Amendments to put in clauses where groups who attack the Christian Faith as a whole or Christian Businesses; those groups of people lose their citizenship and removed and exiled from this nation.

You can read more on the website;
<https://catholicpartyforamerica.com>

In short, we will restore this nation back to the vision of the Founding Fathers, re-write and strengthen the Constitution and make it Christian and add safe guards so those who have hurt this nation can never hurt her again.

Charles Carroll Of Carrollton,
Only Catholic Signer Of The Declaration Of Independence

RULES FOR MEMBERS

1. Go To The Actual Sources Of American History; Writings Of The Founders, Writings Of The Soldiers In The American Revolution and Absorb them to love this nation.

2. Learn the history of your State and see if it is staying true to its history or destroying it.

3. Reach out of your comfort zone and use that history you learned and show how better America once was and was free from the burdens of big government regulations and the same for your state and Recruit People.

4. Responding To Ignorant Critics: Be firm, be knowledgeable and let them have it; by sharing all the facts and red pills.

Remember, after 1900 and little after 1930, the education began to go downhill and become corrupted; and people do not know their history, because the original sources were not taught.

5. Promote the National Party to get more to join; let us use social media for what it should be for; reaching those we can't go to; if you can drive, walk, bike; good, use those means as well to promote and recruit.

On Promoting, you can go to Canva and create a brochure with the

information from the website and hand them out, just make sure to use the Registered ® symbol after Catholic Party For America.

6. There is a whole lot more to add to the policy page; those who fish, catch lobster, crab, those who use ships for shipping, butcher shops, etc., these jobs we need to learn about and reach out to those who do them and see how we can help them.

7. Catholics will always be the leaders of the Party.

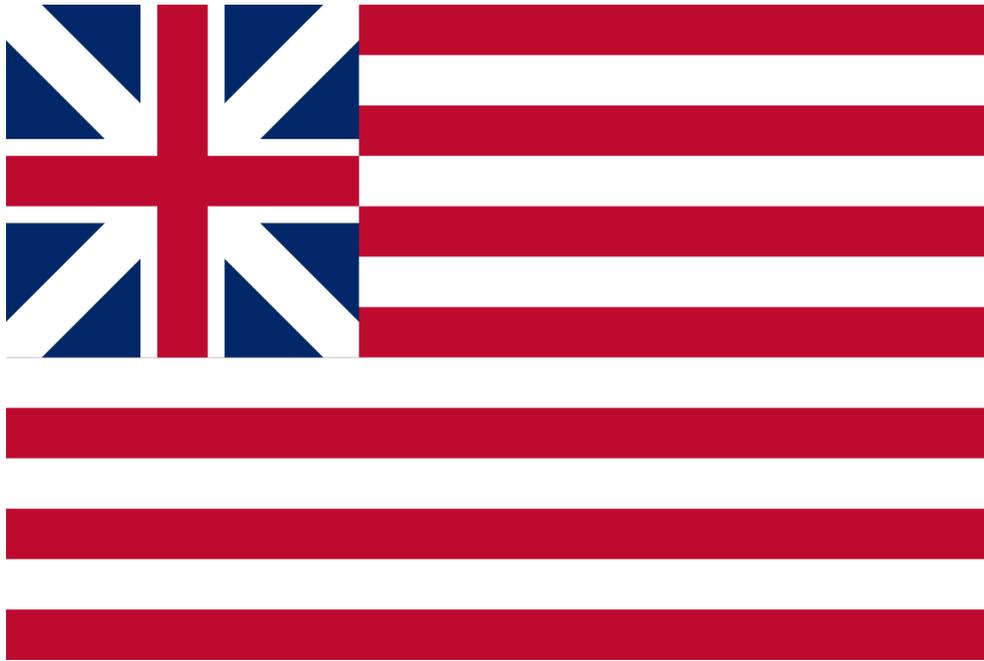

8. Start to learn how to be a judge of character, to learn if the person is honest or not and if he or she can be trusted, as we know from watching the Republicans and Democrats, they are full of Judases and so we need to be alert and watchful.

Finally, if you have questions on more things, feel free to contact us at the party's email through the contact form on the Join Page and if need be, we can do a large meeting with all the members or do each meeting separately for the different states.

It will be a challenge due to so many are diehard Trump Supporters and won't let him go and then there will be those who are critics saying false things, hit them hard first with facts and see if those facts soften them up and then invite them to read the National Party's Website and once you have enough State Members, work on starting a State Party's website and then the paperwork will begin to file as a Political Organization.

Do Not lose hope, stay the course, be the winter patriots and stick it out till victory and beyond. Our Nation Needs Us!

God Bless and God Save The Republic!
